## SKILLS

**Languages:** C++, Python, C

**Web Technologies:** HTML, CSS, JS (Basics)

**Soft Skills:** Problem-Solving, Team Player, Adaptability, Time Management

## PROJECTS

**P Call – Android Application** | *Kotlin, Android Studio, Room Database, WorkManager* Jun' 26

- Developed an Android application that automatically handles missed or unanswered calls and sends personalized SMS replies based on the user's availability or schedule.
- Implemented MVVM architecture, Room Database, Coroutines, and WorkManager for efficient data management, background tasks, and reliable scheduled responses.
- Designed a user-friendly interface with Jetpack Navigation and scheduling features, allowing users to manage availability and customize automatic call responses.

**Battery Level Alarm – Android Application** | *Kotlin, Android Studio, Android Notifications* Jul' 26

- Developed an Android application that monitors battery level and provides alerts when the battery reaches user-defined levels such as 70%, 80%, 90%, and 95%.
- Implemented customizable ON/OFF controls for battery alerts, with notifications triggered only when the device is charging.
- Designed a simple and user-friendly interface with customizable ON/OFF controls, supporting alerts at 70%, 80%, 90%, 95%, and a default 99% battery level while charging.

**Voice Assistant – Ongoing Project** | *Python, Speech Recognition, Natural Language Processing* Aug' 26

- Developing a voice-based assistant that understands user voice commands and performs tasks through spoken interaction.
- Implementing speech recognition and text-to-speech functionality to enable natural two-way communication between the user and the assistant.
- Working on features such as command processing, task automation, and voice-based responses to improve hands-free user interaction.

## TRAINING

**Datapro Computers Pvt. Ltd. – Pendurthi, Visakhapatnam** Jun' 26 – Jul' 26

C++ Programming Training | Summer 2026

- Completed hands-on training in C++ programming, covering fundamentals, functions, arrays, strings, pointers, and OOP.
- Practiced problem-solving and coding exercises using C++.
- Applied C++ concepts to develop programming solutions and strengthen logical thinking.

## CERTIFICATES

HTML Essentials | Cisco Networking Academy Feb' 26

Introduction to Cyber Security | Infosys Springboard Mar' 26

Introduction to Artificial Intelligence | Infosys Springboard Mar' 26

ChatGPT for Everyone | Learn Prompting Apr' 26

## EDUCATION

**Lovely Professional University** Phagwara, Punjab

Bachelor of Technology Aug' 25 – Present

Computer Science and Engineering; CGPA: 8.09

**Sri Viswa IIT & Medical Academy** Visakhapatnam, Andhra Pradesh

Intermediate (MPC); Percentage: 96.9% Mar' 23 – May' 25

**APSWER School, Sri Krishna Puram** Visakhapatnam, Andhra Pradesh

Secondary School (SSC); Percentage: 86.9% Mar' 22 – May' 23
